

What is SUN Extended-day programming?

SUN Community Schools are full-service neighborhood hubs where the school and partners from across the community come together to make sure kids and families have what they need to be successful - in school and in life.

We offer extended-day programming to students in 1st-6th grade who are looking for that extra support in academics, enrichment and or social building. We provide:

- Strong core instructional program
- Educational support and skill development for youth
- Enrichment and recreation activities
- Family involvement and support
